CAREER OBJECTIVE

Problem solver and fast learner with strong communication skills. I am motivated to upgrade and expand my skill set through mentorship and challenging projects. I enjoy working collaboratively and also carrying out my individual tasks. I am excited about the prospect of joining your company.

WORK EXPERIENCE

JUNE 2018 – JULY 2019

JUNIOR SOFTWARE DEVELOPER

XORTICAN TECHNOLOGIES,

- Worked as a Support Developer in an ongoing project which introduced me to the uses and implementation of Spring framework.
- Responsible for maintaining the workflow by keeping logs with each sprint meeting with the team.
- In this role I also act as one of the UI/UX designer and developer. I was involved in major design decisions and I regularly met with business, users and development teams to determine the best design solutions for our application along with the design head.
- As part of our design process, I create mock ups and wireframes using Balsamiq and functional prototypes using HTML, CSS and Bootstrap.

JANUARY 2021 – PRESENT

FREELANCE WEB DEVELOPER

- Created static sites using HTML, Bootstrap, CSS, JavaScript for digital artists which was hosted with Github.
- Built an ecommerce site for a startup selling household cleaning products. Linking products, and installing plugins for forms and analytics to track sales.
